Katlin Lidge Memorial Scholarship 2020 Graduates Application Form	Applicant's Name:
	Applicant's Social Security Number:

Katlin, a Monticello High School graduate, was tragically taken from us on March 5, 2011. Katlin may well be remembered by the public as a fine athlete. But, to those who knew him well Katlin was far more. He was a kind soul - a young man of character and spirit. This scholarship will be awarded to a student who personifies Katlin's spirit. If you are that type of student, please fill out this application completely and email it to the committee at bernadette@tpc.us. You will receive an email back. If you do not receive one by 1pm on the 18th contact Bernadette Carmical by text at 870-723-1234. If you have questions, please call before deadline. By submitting this application, you are granting the committee permission to verify all information with your high school counselor.

This scholarship will be awarded to a graduating senior(s) at Monticello High School who actively participated in athletics while in high school. **The award will be a single \$500 payment** to be used by the student to defray the cost of a computer and/ or peripherals. The student must be slated to graduate on time and in good standing with the class of 2020. They must also have been accepted and be scheduled to begin classes by the fall of 2020 at an accredited college or trade school in the United States. Awards will be given based on the student's essays, academic performance, community involvement, and citizenship. **(Award may be renewed for four years, if student remains in good standing.)**

Awards will be determined solely by a private committee. No member of the Monticello School System will be on the committee, nor will they hold influence over it. The committee will not consider race, religion, creed, or gender. The decision of the committee is final – no appeal will be allowed or provided.

On a personal note– (if I may.) I missed seeing Katlin graduate from college. I will miss him sitting with me at Billie football games watching the new crop of Billies grow. We can try to make sense of what can only be described as senseless, but Katlin taught us some important lessons in his short life. Katlin knew from personal experience that life was not always fair or even or equal. He could have been angry, vengeful or sullen, but, he was not. Katlin would have done much for the world and now you and I must do what Katlin would have done. It will not be easy.

It was not always easy for Katlin.

But, I hope Katlin will be as proud of us, as I was of him.
